

## Base Stations

# WIRELESS USB BASE STATION

## BW-BSue

The Broadweigh BSue base station is provided with a rugged IP67 housing and an increased range of up to 800 m (2600 ft)

## Features

- Up to 800 m (2600 ft) range
- Simple plug & play USB
- Configures any Broadweigh telemetry module via USB connection
- Powered from USB
- Used in conjunction with Broadweigh software
- IP67 rated enclosure

## About

The Broadweigh extended range base station offers line of sight range of up to 800 m (1/2 mile) for Broadweigh shackles. It is used to provide wireless data to PCs from Broadweigh sensors.

Powered from the USB bus, no batteries are required, so no other modules are needed to configure and control wireless sensors from the PC. Used in conjunction with Broadweigh's powerful visualisation and logging software.

## Specifications

Power Supply (*as defined by USB 2.0 specification)	
Power supply voltage (USB)	4.875 to 5.125 Vdc*
Environmental	
Operating temperature range	-20 to 55 °C
Storage temperature range (no batteries)	-40 to 85 °C
Maximum humidity	95% non-condensing
IP rating	IP67
